

Only 15% of all AP Computer Science students are African American or Hispanic

Fewer than 35% of low-income students have access to Computer Science courses

Women make up only 25% of computer scientists - and 12% of engineers

<let's change the statistics/>

ATLANTA
BRIDGECOMMUNITY
Founded by Coca-Cola.
CODING AND ENTREPRENEUR CAMP

<A 4-week camp for Atlanta Public School high school students/>

- 30 students from APS high schools
- Opportunity to learn multiple coding languages & business concepts
- Free of charge for all selected students
- 2017 Inaugural camp dates: June 5 - June 30
- Partnership between TAG-Ed, STEAMsport Inc, and the Atlanta BridgeCommunity founded by Coca-Cola
- Diversify the STEM pipeline and encourage entrepreneurship in Georgia
