APPLY TO BECOME A SUMMER SCHOLAR AND DISCOVER WHY CLEMSON IS ONE OF THE NATION'S TOP 20 UNIVERSITIES.

The Summer Scholars Program offers exciting experiences for academically talented middle and high students from across the globe. Scholars will join other academically minded learners for an intense, weeklong program in which they do the following:

- Participate in challenging academic courses on a specific topic or area of interest
- Learn alongside University faculty and professional experts in University laboratories
- Get a real preview of college life: live in a residence hall, eat in university dining halls and enjoy campus facilities, such as Fike Recreational Center, Bowman Field and the student union
- Campus tours of athletic, academic and historical sites
- Attend special workshops on topics such as the college admission process, career guidance and financial assistance
- Make lifelong friends

Pay tuition in full by

April 1st

for the \$100 early bird discount
